Farrell Industries

For anyone interested in a nice barrel vise we are now offering the Farrell barrel vise.

Farrell Industries has found that the v jaws clamp with sufficient force with almost all barrels, and are very good for Garand barrels. Custom jaws are available. Supplied jaws will hold diameters from .850" to 1.375"

These vises are \$121 USD or \$145 Canadian.

This weekend (June 6/7) we are offering these vises free of GST.
