We have been using and testing a variety of optics over the past 35 years. We have had excellent success with the following brands and as such we offer them to our customers. Please email or call for pricing and availability.

- Swarovski Optiks
- Kahles
- Nightforce
- Schmidt and Bender

We also have access to most shooting optics available in North America. Don't hesitate to give us a ring when looking at other brands and models not listed. The market is huge and exposure to all the glass is extremely daunting!

We always do our best to meet our customers needs.
